Turn your car or van into a camper van in less than 5 minutes.

Simple Camper Vans produce removable, folding camper van conversion modules for a wide range of MPV style cars with rear seats fitted including the Citroen Berlingo, Fiat Doblo, Ford Tourneo, Peugeot Partner, Peugeot Rifter, Renault Kangoo, Skoda Yeti, Vauxhall Combo Life, VW Caddy Life and other cars. We also offer our VAN MAX camper van conversion module for vans without rear seats, suitable for the Citroen Berlingo, Peugeot Partner, VW Caddy and other vans.

Lightweight and affordable, our camper van conversion modules are precision CNC machined from high quality 12mm birch plywood panels. The module can be easily unfolded in seconds to create a flat bed platform for sleeping or a comfortable seating area for relaxation or mobile office work. You don't need to remove the rear seats to install and use the module and when you're not using it, the module folds into the boot so that you can use the rear seats to carry passengers as normal.

All our camper van conversion modules are pre-built and in stock for immediate shipping with next day delivery and nominated day delivery options available for most UK postcodes. We also offer fast delivery to most European addresses. Our camper van conversion modules are supplied fully assembled, with no vehicle modifications or fixings required and a tool-free installation time of less than 5 minutes. All you need to do is lift the module out of the packaging and straight into the boot of your car and you're ready to start your journey!

SIMPLE.

**Got a question or
want to find out more
about our products?**

You can find detailed information about our camper van conversion modules and the accessories that we offer, such as our thermal window blind sets, on our website www.simplecampervans.com. Our website also includes a comprehensive Frequently Asked Questions (FAQs) section that aims to answer the most common questions that we receive from our customers.

We also welcome telephone or email enquiries from customers who are interested in discussing our products further.

5-star review rated.

Since we started production in 2015, there are now over 3000 Simple camper van conversion modules in use across the UK and Europe. We offer high quality products and exceptional customer service and we are 5 star rated on Google based on reviews from our customers. You can read our latest reviews on our website.

If there was an award for the most responsive and effective customer service, I'd definitely nominate you.

Klarna

We offer a Buy Now, Pay Later option for all our camper van conversion modules. Choose Klarna during checkout on our website and enjoy the power to split your purchase into three interest-free payments. Your order will be shipped immediately and there are no set up fees or charges.

VAN MAX compatibility.

Our **VAN MAX camper van conversion modules** have been designed specifically for panel vans and are **available in short or long versions**. Please note that our VAN MAX system is NOT compatible with vans with rear seats fitted and is NOT compatible with ribbed floors; the van floor must be flat (typically plywood lined).
